

Differently -Able should be catered to – PAFFREL

The People's Action for Free and Fair Elections (PAFFREL) Organisation, issuing a Media release, stated all Presidential Candidates contesting the 16 November Presidential Poll, should place an emphasis on Differently-Able persons.

They said that a total population of 1.5 million Differently-Able persons here should also be catered to by the candidates contesting the poll, especially if they could record the gist of each of the election manifestos, and then send them to the School of the Deaf and Blind, as it will enable them to form an opinion on which candidate they should vote for.
